Dr. James H. Miller
601 First National Bank Building
Denver, Colo.

Dear Dr. Miller:

Enclosed please find the two reports you gave me in Denver on "The Freeland Group of Mines" and on the "Rito Seco Mines". I have studied the papers but don't believe that the Continental for the time being would be interested in any of them. Nevertheless I thank you for having furnished us such valuable informations.

It was my intention to pass by Denver on my way back to New York in which case I would have been glad to pay you a visit. Unfortunately I have to go directly to New York, but I hope to meet you sooner or later there or in Denver.

With kindest regards, also from Mr. Meisel, and best wishes,
I am

Very truly yours

Felix Ochs
