Mr. Geo. J. Bancroft
414- Ex Bldg. Denver Colo

Dear Mr. Bancroft: - I herewith mail you the list of articles in stock as we found same. Each list designates the place or building in which same is stored.

I decided the Engine room was as good place as could find to store a great many things, such as the assay outfit, as well as other things.

This is securely fastened with solid brass lock and hasp. All other buildings had locks on but as Mr. Niles refused to turn over the keys to same I bought new locks for those thought important and left his locks unlocked.

I also mail you herewith bill for Mr. Rose and myself as well. Trusting all may be satisfactory and that may hear from you in the near future I am yours Very Truly

C. S. Newsom.
