Thesis / Dissertation Reuse

The IEEE does not require individuals working on a thesis to obtain a formal reuse license, however, you may print out this statement to be used as a permission grant:

Requirements to be followed when using any portion (e.g., figure, graph, table, or textual material) of an IEEE copyrighted paper in a thesis:

- 1) In the case of textual material (e.g., using short quotes or referring to the work within these papers) users must give full credit to the original source (author, paper, publication) followed by the IEEE copyright line © 2011 IEEE.
- 2) In the case of illustrations or tabular material, we require that the copyright line © [Year of original publication] IEEE appear prominently with each reprinted figure and/or table.
- 3) If a substantial portion of the original paper is to be used, and if you are not the senior author, also obtain the senior author's approval.

Requirements to be followed when using an entire IEEE copyrighted paper in a thesis:

- 1) The following IEEE copyright/ credit notice should be placed prominently in the references: © [year of original publication] IEEE. Reprinted, with permission, from [author names, paper title, IEEE publication title, and month/year of publication]
- 2) Only the accepted version of an IEEE copyrighted paper can be used when posting the paper or your thesis online.
- 3) In placing the thesis on the author's university website, please display the following message in a prominent place on the website: In reference to IEEE copyrighted material which is used with permission in this thesis, the IEEE does not endorse any of [university/educational entity's name goes here]'s products or services. Internal or personal use of this material is permitted. If interested in reprinting/republishing IEEE copyrighted material for advertising or promotional purposes or for creating new collective works for resale or redistribution, please go to http://www.ieee.org/publications_standards/publications/rights/rights_link.html to learn how to obtain a License from RightsLink.

If applicable, University Microfilms and/or ProQuest Library, or the Archives of Canada may supply single copies of the dissertation.

Dear Brand,

In the Returned Rights section of the AAAI copyright form, authors are specifically granted back the right to use their own papers for noncommercial uses, such as inclusion in their dissertations or the right to deposit their own papers in their institutional repositories, provided there is proper attribution. The published version is not available for posting outside the AAAI Digital Library.

Best,

Carol Hamilton
Executive Director, AAAI

ACM BCB - PhD Dissertation Chapter Permissions

2 messages

Lodewijk Brand [redacted]
To: [redacted]

Thu, Jul 22, 2021 at 12:12 PM

Dear Barbara Ryan,

I was directed by the organizers of the ACM BCB conference to contact the Publications HQ Staff in order to get permission to include a recently accepted manuscript in my PhD dissertation (since it is not yet discoverable through the dl.acm portal).

I hereby request permission to include the following recently accepted ACM publication as a chapter in my PhD dissertation:

A Multi-Instance Support Vector Machine with Incomplete Data for Clinical Outcome Prediction of COVID-19
To appear in: The 12th ACM Conference on Bioinformatics, Computational Biology, and Health Informatics
Authors: Lodewijk Brand, Lauren Zoe Baker, Hua Wang

Please let me know if you need any additional information.

Best,

Lou

Dear Lou,

Please see your rights as an ACM Author on the ACM Author's Rights page on the ACM website: <https://authors.acm.org/main.html>

"Reuse

Authors can reuse any portion of their own work in a new work of their own (and no fee is expected) as long as a citation and DOI pointer to the Version of Record in the ACM Digital Library are included.

- Contributing complete papers to any edited collection of reprints for which the author is not the editor, requires permission and usually a republication fee.
- Authors can include partial or complete papers of their own (and no fee is expected) in a dissertation as long as citations and DOI pointers to the Versions of Record in the ACM Digital Library are included. Authors can use any portion of their own work in presentations and in the classroom (and no fee is expected).
- Commercially produced course-packs that are sold to students require permission and possibly a fee."

Regards,

Barbara

Dear Tony,

In order to comply with the Office of Graduate Studies at the Colorado School of Mines (<https://www.mines.edu/graduate-studies/copyright-and-permissions/>) I am collecting copyright permissions from co-authors of publications to be included in my PhD thesis.

Do you give permission to include the following work in Lodewijk Brand's PhD Thesis (of which you are a co-author):

- Lodewijk Brand, Braedon O'Callaghan, Anthony Sun, and Hua Wang. Task balanced multimodal feature selection to predict the progression of alzheimer's disease. In 2020 IEEE 20th International Conference on Bioinformatics and Bioengineering (BIBE), pages 196–203. IEEE, 2020

Please let me know if you have any questions or concerns.

Best,

Lou
