- ✓ 1. The Caribou Mining Property  
Sept. 25, 1918.  
By Fred A. Fair
- ✓ 1. Report  
by  
Edwin E. Chase,  
Dated May 21st, 1915.

CARIBOU MINE PRODUCED UNDER PRESENT MANAGEMENT

*by  
Geo E. Collins*

No. Tons	Average Gold per ton	Average Silver per ton	Value per ton
1147.267	.063 ozs.	67.58 ozs.	
	\$1.26	\$91.23	\$92.49

ORE SHIPPED FROM BOULDER COUNTY MINE

FROM NOV. 14, 1919, to FEB. 6, 1920.

No. Tons	Average Gold per ton	Average Silver per ton	Value per ton
186.419	.80 ozs.	34.35 ozs.	\$62.37

About 2500 tons of mill ore was mined at the same time and placed on the dump, ready for the mill; which has an average value of about 6 oz. silver and .21 oz. gold, or a value per ton of \$12.30.

Gold \$20.00 per oz.

Silver \$1.35 per oz.

This sheet is not a part of the George & Fair Report;

Tonnage and assays are actual values based on the above quotation.
