Hi Liz,

Thanks for your email. Yes, we approve use of the diagram, as long as you attribute it to ECO PHYSICS AG.

Please let me know if you have any questions.

Thanks for your business.

Subject: Permission to use figure in M.S. Thesis

Tom,

Hello! I hope you are doing well. I'm not sure if you are the right person to contact for this, but I'm writing to request permission to use this figure from the ECO Physics user manual in my M.S. Thesis. Please respond with either approval or disapproval – thanks!

Subject: [EXTERNAL] Permission to use figure

Clinton,

Hello! My name is Liz Golonski and I work with Dr. Colin Wolden on ammonia combustion. I am writing to request permission to use a figure you presented in your "Status of Ammonia Combustion Research at NETL" presentation from May 2023 (slide 5, top row of photos). I plan to include the figure in my M.S. Thesis. Thank you for the time and consideration.

Leneke,

did you have a chance to review? If yes and if you approve of my usage of your schematic, please reply with a statement along the lines of "Elizabeth Golonski has permission to use the burner schematic from flatflame.com in her thesis."

Let me know if you have any questions!

Hi Liz,

Can you please send a copy of your thesis, so we can look it over before we agree?

Thank you kindly,
