Hi Saeed,

Yes you have my permission.

Best of luck!

Will

Subject: Permission to include your articles in my thesis

Hi Will,

Hope you are doing well! I am trying to put together my thesis and I wanted to request written permission from you as one of the coauthors of the following articles to be included in my thesis:

- Solution Synthesis of Sb_2S_3 and Na_3SbS_4 Solid-State Electrolyte
- Scalable Synthesis of Selenide Solid-State Electrolytes for Sodium-Ion Batteries"

A response to this email should be enough. Appreciate your contribution and support of this work!

Best,
Saeed

2. Permission from Ms. Brynn Benham regarding the use of our submitted article to the Journal of Inorganic Chemistry Frontier:

- a. Facile One-pot Synthesis of High-purity Sodium Antimony Chalcogenides in Polar Solvents

Re: Permission to include your articles in my thesis

From Brynn Benham (Student) <bbenham@mines.edu>

Date Fri 11/15/2024 3:36 PM

To Saeed Ahmadi Vasselabadi (Student) <sahmadivaselabadi@mines.edu>

Hey Saeed,

Of course! Good luck with your thesis!

Thanks,
Brynn

Subject: Permission to include your articles in my thesis

Hi Brynn,

Hope you are doing well! I am trying to put together my thesis and I wanted to request written permission from you as one of the coauthors of the following submitted articles to be included in my thesis:

- Facile One-pot Synthesis of High-purity Sodium Antimony Chalcogenides in Polar Solvents

A response to this email should be sufficient. Appreciate your contribution and support of this work!

Best,
Saeed

3. Permission from Ms. Katie Palmer regarding the use of our published article in the Inorganic Chemistry journal:
 - a. Scalable Synthesis of Selenide Solid-State Electrolytes for Sodium-Ion Batteries

Re: Permission to include your article in my thesis

From Katie Palmer (Student) <katiejaepalmer@mines.edu>

Date Fri 11/15/2024 2:18 PM

To Saeed Ahmadi Vaselabadi (Student) <sahmadivaselabadi@mines.edu>

Hello Saeed,

Of course! You have my permission to include "Scalable Synthesis of Selenide Solid-State Electrolytes for Sodium-Ion Batteries" in your thesis.

Good Luck,
Katie
